

## **LOCAL NOTICE TO MARINERS NO 02 OF 2006**

### **MOVEMENT OF VESSELS APPROACHING TOWN QUAY**

**Notice is hereby given** that all mariners are advised to proceed with caution when navigating in the areas of the Jubilee Pontoon, Town Quay basin, and their approaches.

Many vessels and craft of all sizes including the Red Funnel Red Jet High Speed passenger craft use the area and occasionally Red Funnel Ro Ro car ferries. In addition other smaller passenger vessels and recreational craft transit the area and berth at the public landing and associated pontoons.

Attention is drawn to the turning area required by the larger vessels, the resulting wash that may be produced and the density of other traffic all within the confines of the Town Quay basin and its approaches.

All commercial vessels including passenger and vehicle ferries operating within Cowes Harbour make information calls of arrivals and departures on the Cowes Harbour Working Channel (VHF Ch 69). All mariners are therefore advised to keep a listening watch on this channel.

Captain S McIntosh  
Harbour Master, Harbour Office, Town Quay, Cowes, Isle of Wight, PO31 7AS
